## **New Forest Healthy Walks**

New Forest Healthy Walks Scheme encourages people of all ages to join regular, short walks in their own communities.

Healthy Walks are fun, free, supportive and led by trained volunteers.

Our walks help boost the health of participants whilst enjoying local, natural spaces in the company of others. The social side of walking can be as important for well-being as the walk itself.

To find out about the benefits of walking, information can be found on the Walking For Health website walkingforhealth.org.uk

For further information regarding training as a Walk Leader and to find our more about our local walks in the New Forest please call 07737 688523.
